### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jaques Dulin on 7/30/2008.

The application has been amended as follows:

7) (Currently Amended) A method as in claim 21 wherein said personal portfolio is a model portfolio.

21) (Currently Amended) A method of measuring and ranking investment management performance of individual investors amongst a large universe of investors in order to create investment products for other persons as customers to invest in, comprising the steps of :

a) in a first phase, creating at least one personal portfolio comprising at least one financial instrument for each said individual investor participating in said performance ranking method, said universe of investors comprising on the order of greater than [about] 1000 persons;

b) assigning to each of said individual investor personal portfolios a preselected financial value as at least one of a personal portfolio investor

Total Account Value and a Net Asset Value at a defined starting point in time;

c) permitting said individual investors to personally select and individually trade said at least one financial instrument in each said personal portfolio through a trusted independent 3rd party, said trades affecting said at least one investor Total Account Value and said Net Asset Value, and wherein

i) said trusted third party is at least one of: i) a registered investment advisor, and ii) a registered broker/dealer; and  
ii) in at least a second phase, at least some of said participating individual investor's trades are real trades reported to said trusted 3rd party as executed;

d) tracking said personal portfolio of at least one investor Total Account Value and said Net Asset Value of each said investor by the trusted 3rd party;

e) said trusted 3rd party periodically ranking the performance of at least some of said investor's personal portfolios by a computer-enabled system based on change in at least one of an investor Total Account Value and a Net Asset Value over a determined period of time as a metric for credibly determining individual best investors from among the universe of participating investors; and

f) in a third phase, selecting at least one of the individual best investors, whose personal portfolios and real trades have been measured and ranked over time by a computer-enabled system, as a candidate professional fund manager to select financial instruments for inclusion in an investment product to be offered to other persons as customers as an investment opportunity.

107) (Cancelled, formerly Withdrawn)

***Allowable Subject Matter***

Claims 2-4, 6-19, 21-34, 36-52, 55-69, 71-77, 79-81, 83-85, 87-91 and 126 are pending and allowed. The following is an examiner's statement of reasons for allowance:

Independent claim 21 is directed to a three phased approach to selecting a professional fund manager through a process conducted via trusted third party wherein said trusted third party is at least one of: i) a registered investment advisor, and ii) a registered broker/dealer. The closest patent and non-patent art of record, Fantasy in view of Jennings, fails to teach, suggest, or render obvious the selection of a professional fund manager via a registered investment advisor or registered broker/dealer. Instead, Fantasy teaches a contest based on "Fantasy Money" and specifically indicates that its method is for entertainment purposes only (see Fantasy Rules, 1-3). Similarly, Jennings fails to teach,

suggest or render Applicant's invention obvious in so far as it is directed to a contest for determining a 'winner' but fails to teach, alone or in combination with other art or record, that the winner will then become a professional fund manager to select financial instruments for inclusion in an investment product to be offered to other persons as customers as an investment opportunity.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to BRIAN FERTIG whose telephone number is (571)270-5131. The examiner can normally be reached on Monday - Friday 8:30am to 5:00pm EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James Trammell can be reached on (571) 272-6712. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
